

## Work & Travel USA

Through CIEE's Work & Travel USA program, you can experience the American way of life in a unique and exciting way during your university summer break. As a CIEE participant, you are able to work for up to four months and then, if you like, take some time (up to 30 days) to travel to the places you've always dreamed of. Most of the jobs you'll be able to choose from are casual seasonal jobs, such as waiting tables in a restaurant, working in a shop as a cashier, operating rides or serving food in an amusement park, or working in a hotel or resort. Jobs range in locations across the United States, from U.S. National Parks, mountain and beach resorts and popular amusement and theme park areas. The stronger your English language skills, the more positions you will be eligible to interview for.

If you're ready to experience the United States in a unique and exciting way, CIEE is ready to help you plan your adventure. To find out more or to get started contact your nearest CIEE Representative today.
